Highly motivated to solve real problems,  
I'm committed to creating solutions that users love.  
Looking for a full-time position as a **UX/UI Designer**  
in a leading innovative company.

## Experience

### Air Liquide – UX Designer Intern

03/2024 – 09/2024 La Digital Factory, Paris, France

- Designed the Hi-Fi prototype and coded the front-end of the Generative AI chatbot used internally in the group.
- Assess user needs and pain points by conducting user interviews and testing of internal applications.
- Worked on the components design and usage of the Air Liquide Design System.

### Junto Innovation Hub – Full Stack Developer

04/2021 – 03/2023 Modena, Italy

- Integrated user authenticating with Google and other Google APIs in Niipy.com.
- Developed the UI for Desktop and Mobile of Niipy.com using responsive CSS frameworks.
- Responsible for the translation of the Adobe XD prototype to code.

### Freelancer – Mobile Application Developer

03/2020 – 04/2021 Remote

- independently designed, developed and launched two mobile applications for two clients.

## Education

### Université Paris-Saclay – EIT Digital Master in Human Computer Interaction and Design

09/2023 – 09/2024 Orsay, France

Selected project – **Tune Crafter**, an app to make music with hands gestures

### Universidad Politécnica de Madrid – EIT Digital Master in Human Computer Interaction and Design

09/2022 – 06/2023 Madrid, Spain

Selected project – **Digital Nomads App**, meeting app for Digital Nomads

### Warsaw University of Technology – Bachelor's degree in Computer Science (Erasmus)

09/2021 – 06/2022 Warsaw, Poland

### Università di Modena e Reggio Emilia – Bachelor's degree in Computer Science

09/2019 – 10/2022 Modena, Italy

## Soft Skills

**Adaptability** – “I am able to adapt quickly to new environments and company cultures”

**Project Management** – “I deliver high quality projects that meet deadlines”

**Problem Solving** – “I thrive on the challenge of finding solutions to complex problems”

**Teamwork** – “I thrive in multidisciplinary and dynamic teams”

**Design Thinking** – “I put the user's needs first to create solutions that are meaningful to them”
